

Luke Bible Reading Plan

What:

The Luke Bible Reading Plan is designed to work in partnership with our Luke sermon series. As we journey through the Gospel of Luke every Sunday for the next few weeks we will also be dedicated to reading the Gospel in its entirety in the next 40 days leading up to Easter. This is an opportunity to engage with scripture as a community. Let's do this together!

Why:

By reading the Gospel of Luke throughout the week, discussing it in Tuesday night community, and learning from the Sunday sermons, we can get the most out of this book. Doing all of these things in partnership with one another provides accountability and the opportunity to learn from each other. God's word is living and active which means that the Holy Spirit has the ability to reveal different aspects of the passage we read to different people. We want to make sure we don't miss out on anything God has to say to us in the next 40 day, so we are doing it together.

How:

1. Attend Sunday Service We have 9 weeks of messages prepared to lead us through the book of Luke 2.
2. Participate in Tuesday Night Community Every Tuesday we come together in homes across the city to meet together and discuss what God is showing us. In the next 9 weeks Community groups will be a place to discuss the week's readings with your peers, ask questions, and share any insight you have received from your reading
3. Utilize the reading guide This reading guide breaks down the entire book of luke (24 chapters) into 40 days. There is a daily reading outlined for you that will help study this entire book in digestible pieces. If you are struggling with engaging with the reading, here is a great bible study tool

SOAP

Scripture: Read the entirety of the day's scripture. Then select a few verses that specifically stood out to you.

Observation: What is happening in this scripture? This is not the part where you say what it means, you are just stating what is actually happening.

Application: What does this scripture mean. Interpret it and find a way to apply it to your life
